

## **The Prophetic Perspective of John**

***Suzanne King***

***Brown-Bag Bible Study***

***October - November, 2016***

You are invited to join us for this 6-week journey to explore a deeper look at the meaning of our individual call to **being a Prophet!** Whether you can attend one session or all of the sessions, I suggest that I can email each of the sessions to you for your reference.

During this 6-week presentation on the ***Prophetic Perspective of JOHN***, I will share my love, study, and appreciation of the Scriptures for over 50 years. This includes my studies with the *Catholic Biblical School* at the *Archdiocese of Denver*, as well as studies at Regis University (Denver) and many years participating at the *Mile Hi Religious Education Congresses* in Denver and at the *LA Religious Education Conventions*. While working at the *Diocese of San Jose*, I graduated in 2008 from the *Institute for Leadership in Ministry* which is a 3-year program similar to the *Diocese of San Jose* Seminarian Program. This background also partners with many years developing liturgical presentations. On the ecumenical side, I was graced in the early 1970s to be a part of the small leadership group of 14 that developed the *Fort Collins Charismatic Renewal* which grew to over 400 Catholics and Protestants.
